

KANSAS CITY METRO SUPPORTIVE HOUSING INSTITUTE

About the Institute

The Kansas City Metro Supportive Housing Institute (SHI) brings teams across various sectors together for intensive and interactive workshops covering all aspects of creating affordable and supportive housing. The Institute provides tools and support to help teams build their project plans and bring them to reality. Teams graduate from the Institute with a housing development plan and a path for acquiring funding.

Who Should Apply?

We are looking for teams who want to create supportive housing to end homelessness in the Kansas City Metro area. These teams can include:

- Supportive housing developers
- Affordable housing developers looking to expand into supportive housing
- Service providers looking to create a new supportive housing project

What Teams Receive

- A complete affordable supportive housing plan from concept to shovel-ready,
- Individualized technical assistance,
- Strategies on navigating the complex zoning, development, and regulatory processes,
- Best practices for designing for equity, quality, accessibility, and sustainability,
- Training on budgeting, operations, and property management, and
- A powerful network of peers and industry experts.

HOW TO APPLY

Application Deadline:

September 13, 2024
